The Company shall have an equity capital at a level appropriate to its objectives, strategy and risk profile. The board of directors shall continuously monitor the Company's capital situation. If the equity or liquidity is deemed less than adequate, the board of directors shall immediately take necessary steps, consider public disclosure in accordance with the insider trading regulations and call for a general meeting within a reasonable time in order to report the Company's financial condition and the proposed measures to rectify the situation.

6.2 Dividend policy

The Company has one class of shares. Each share in the Company carries one vote and all shares carry equal rights, including the right to participate in general meetings and the right to dividends.

All shareholders shall be treated on an equal basis, unless there is a just and factual cause for treating them differently.

7.2 Deviation from existing shareholders' pre-emption rights

Any decision to waive the pre-emption rights of existing shareholders to subscribe for shares in a share capital increase, shall be justified by the common interest of the Company and the shareholders.

Where the board of directors resolves to issue new shares and deviate from existing shareholders' pre-emptive rights pursuant to an authorization granted to the board of directors, the stock exchange announcement issued in connection with the share issue shall also include a justification for the deviation.

In such cases, the third party does not necessarily have to be an independent auditor.

Furthermore, all transactions mentioned in this item (material or non-immaterial) shall be disclosed in the Company's annual report.

10 NOMINATION COMMITTEE

10.1 General

The Company shall have a nomination committee, cf. the Company's articles of association section 8. The general meeting elects the members, including the chair, of the nomination committee and determines their remuneration.

The objectives, responsibilities and functions of the nomination committee shall be in compliance with rules and standards applicable to the Company, which are described in the Company's "Instructions for the Nomination Committee" adopted by the general meeting on 4 September 2020. The Company shall ensure that shareholders have information about the composition of the nomination committee and deadlines for submitting proposals to the nomination committee.

10.2 Composition

The nomination committee shall be **independent** from the Company's board of directors and executive management. No more than one member of the nomination committee shall also be a member of the board of directors, and any such member should not offer him- or herself for re-election to the board of directors. Neither the CEO, nor any other member of the executive management, shall also be members of the nomination committee. The composition of the nomination committee should be such that **the interests of shareholders** in general are represented.

Rules for rotation of the nomination committee's members are set out in the Company's "Instructions for the Nomination Committee".

10.3 Tasks

The nomination committee shall:

- recommend candidates for election to the board of directors and the nomination committee, and
- recommend a suitable remuneration for the members of the board of directors and the nomination committee.

The nomination committee's recommendation of candidates to the board of directors shall ensure that the board of directors is composed to comply with legal requirements and principles of corporate governance (cf. item 11 below).

The nomination committee's recommendation of candidates to the nomination committee shall ensure that they represent a broad group of the Company's shareholders.

The nomination committee's candidate recommendation shall include a reasoning for proposing each individual candidate, as well as a statement on how the committee has carried out its work. The nomination committee's reasoning for its recommendation shall include information about each candidate's competence, capacity, independence and other relevant factors for the general meeting to adopt a sufficiently informed resolution. The recommendation shall be made available in accordance with the 14 days' notice rule to call for a general meeting.

Shareholders shall be given the opportunity to submit proposals to the nomination committee for candidates up for election to the board of directors and other appointments in a simple and easy manner. A date for when such proposals must be submitted to be considered by the nomination committee shall be communicated.

The number of board members should be decided on this basis, but the board of directors must in any event consist of **minimum three board members**. The members of the board of directors shall be willing and able to work as a team, thereby enabling the board of directors to work efficiently as a **collegiate body**.

A majority of the members of the board of directors shall be independent of the executive management and the Company's material business connections. Further, at least two board members shall be independent of the Company's major shareholder(s). A shareholder is considered to be a major shareholder if it owns or controls 10% or more of the Company's shares or votes, and the board members' independence from such shareholder(s) shall entail that there are no circumstances or relations that may reasonably be expected to influence an independent assessment of the member in question.

Neither the CEO, nor any member of the Company's executive management, shall also be a member of the board of directors.

The term of office for the respective board members shall not be longer than two years at a time. Members of the board of directors may be re-elected. The re-election of the members of the board of directors should be phased, to prevent that the entire board of directors is replaced at once.

The Company's annual report shall provide information on the expertise, experience and independence of the members of the board of directors, as well as information on their record of attendance at board meetings.

Members of the board of directors are encouraged to own shares in the Company as this may contribute to increased economic relations between the shareholders and the members of the board of directors. Consideration should be given in this respect, to arrange for members to invest part of their remuneration in shares in the Company at market price, cf. section 14 below. However, caution should be taken not to let this encourage a short-term approach, which is not in the best long-term interests of the Company and its shareholders.

In accordance with Norwegian law, the members of the board of directors, as a collegial body, are jointly responsible for making decisions. This means that **no part of the decision making responsibility can be delegated to board committees**, thus making the role of appointed sub-committees only preparatory. The final decision lies with the board of directors, jointly.

If sub-committees are appointed, the board of directors shall issue specific instructions for their work. Furthermore, the sub-committees shall have the ability to utilize resources available in the Company or be able to seek advice and recommendations from sources outside of the Company. The remuneration committee shall provide the board of directors with a guideline and recommendation for the salary and other remuneration for executive management, which shall be made in accordance with section 6-16a of the Norwegian Public Limited Liability Companies Act. The board of directors is obligated to ensure that it is updated on the Company's financial situation, and shall continually evaluate whether the Company's equity and liquidity are adequate in relation to the risk associated with the Company's activities, and take immediate action if the Company's equity or liquidity at any time is believed to be inadequate.

The Company's management shall focus on frequent and relevant reporting of both operational and financial matters to the board of directors. The purpose of such reporting is to ensure that the board of directors has sufficient information for their decision-making and is able to respond quickly to changing conditions.

15 REMUNERATION OF EXECUTIVE MANAGEMENT

The Company's guidelines for determining remunerations to the CEO and other member of the executive management as set out in the "Instructions for the Remuneration Committee" should at all times support prevailing strategy and values in the Company. These guidelines shall be communicated to the annual general meeting, and include the main principles for the Company's remuneration policy as well as contribute to align the interests of the shareholders and executive management.

Performance-related remuneration of the executive management shall be linked to value creation for shareholders or to the Company's profit over time. Such arrangements are meant to incentivize performance and shall be based on quantifiable factors the employee may influence, and then be rewarded accordingly. There should be a cap on performance-related remuneration.

The salary and remuneration of the CEO is determined by the board of directors in a board meeting. Based on the guidelines communicated to the annual general meeting and the recommendations of the remuneration committee, the board of directors shall produce a statement in the Company's report on corporate governance on how the salary and remuneration of the Company's CEO is determined in addition to the remuneration strategy for the executive management, as well as provide an account of the Company's remuneration policy the previous financial year. Relevant information will be given in the form of annual reports, half-year reports, quarterly reports, press releases, notices to the stock exchange and through published investor presentations in accordance with what is deemed appropriate and required at any given time. Separate guidelines have been drawn up for handling of inside information.

In addition to the board of directors' dialogue with the Company's shareholders at the general meetings, the board of directors shall make suitable arrangements for shareholders to communicate with the Company at other times. This will enable the board of directors to develop an understanding of which matters regarding the Company that are of a particular concern or interest to its shareholders. Communication with the shareholders shall always be in compliance with the provisions of applicable laws and regulations and in accordance with the principle of equal treatment of shareholders.

Information to the Company's shareholders will be published on its website simultaneously with being sent to the shareholders.

A separate investor relation policy has been drawn up to assist the Company in building trust and awareness in the investor community by ensuring that investor relation activities are conducted in compliance with relevant rules, regulations and recommended practices, see the Company's "Investor Relations Policy".

17 TAKEOVERS

17.1 General

The board of directors shall have established the main principles for its actions in the event of a takeover offer.

In a takeover process, the board of directors and the executive management each have independent responsibilities to ensure that the Company's shareholders are treated equally and that there are no unnecessary interruptions to the Company's business activities. The board of directors has a particular responsibility to ensure that the shareholders are given sufficient information and time to assess the offer.

17.2 Main principles for action in the event of a takeover offer

In the event of a takeover process, the board of directors shall abide by the principles of the Code, and ensure that the following take place:

- the board of directors shall not seek to hinder or obstruct any takeover offer for the Company's operations or shares unless they have valid and particular reasons for doing so;
- the board of directors shall not exercise mandates or pass any resolutions with the intention of obstructing the takeover offer unless this is approved by the general meeting following announcement of the bid;

- the board of directors shall not undertake any actions intended to give shareholders or others an unreasonable advantage at the expense of other shareholders or the Company;
- the board of directors shall not enter into an agreement with any offeror that limits the Company's ability to arrange other offers for the Company's shares, unless it is self-evident that such an agreement is in the common interest of the Company and its shareholders;
- the board of directors and the executive management shall not invoke measures with the intention of protecting their own personal interests at the expense of the interests of shareholders; and
- the board of directors must be aware of the particular duty it has for ensuring that the values and interests of the shareholders are protected.

In the event of a takeover offer, the board of directors shall, in addition to complying with relevant legislation and regulations, seek to comply with the recommendations set out in the Code. This includes obtaining a valuation from an independent expert. On this basis, the board of directors will make a recommendation as to whether or not the shareholders should accept the offer. The board of directors' statement on the offer shall make it clear whether the views expressed are unanimous, and if this is not the case it shall explain the basis on which specific members of the board of directors have excluded themselves from the statement.

A takeover process gives rise to a particular duty of care to disclose information, where openness is an important tool for the board of directors to ensure equal treatment of all shareholders. The board of directors shall strive to ensure that neither inside information about the Company nor any other information that must be assumed to be relevant for shareholders in a bidding process, remains unpublished. In this respect, agreements entered into between the Company and the offeror that are material to the market's evaluation of the offer should be publicly disclosed no later than at the same time as the announcement that the offer will be made is published.

There are no other written guidelines for procedures to be followed in the event of a takeover offer.
